MALACETIC® WET WIPES/DRY BATH

Dechra (formerly DermaPet)

Active Ingredient(s): Contains: 2% acetic and 2% boric acids pH buffered with surfactants.

Indications: Particularly indicated for cleansing on or around skin folds, perianal, preputial perivulvar, lip, ear, feet, nasal, “hot spots” and other desired areas. For use in dogs and cats.

Directions: Gently cleanse desired areas.

Anal Sacs Expression: Place a MALACETIC® Wipe over the anal orifice and, with the thumb slightly below and to one side of the anus and the fingers on the other, press forward and together. For further expression, see your veterinarian.

Caution(s): If undue irritation occurs, discontinue and consult veterinarian. Avoid contact with eyes. Keep out of reach of children.

US Patent #5,480,658

US Patent #5,853,767

Foreign and other patents pending

Presentation: Regular size 25 - 5 x 9 inch wet wipes premoistened and unit dosed in dispensing container. Clinic size strength 100 - 5 x 7 inch wipes per pack. Brick pack 25 - 6 x 7.9 inch wet wipes.

NAC No.: 14590075
