FORMULA V[®] TAURINE TABLETS

PetAg

Highly palatable chewable tablets for use as a supplemental source of taurine for cats of all ages.

Recommended Usage:

Taurine tablets can be hand fed or crumbled and offered with the cat's food.

One-half tablet per day meets the daily requirement of cats for maintenance and growth. One tablet per day meets the daily requirement of cats for gestation and lactation.

Ingredients:

Dried whey, brewers yeast, taurine, hydrolyzed soy protein, magnesium stearate.

Guaranteed Analysis

Taurine - 250 mg per tablet

This product is intended for intermittent or supplemental feeding only.

Store in cool, dry conditions.

Not for human consumption.

Cats have a very limited ability to produce taurine through metabolic pathways. Consequently, preformed taurine is suggested from dietary sources.
